

# Newforce Energy Services Ltd

“Powering the Future”

Welcome to the Presentation highlighting the unparalleled experience and services offered by Newforce Energy Services Ltd.

QUALITY | SERVICE | SOLUTIONS

# “Delivering Excellence in Energy Infrastructure”

An aerial photograph of an industrial construction site, likely for an energy facility. The site is filled with various pieces of equipment, including large cylindrical storage tanks, pipes, and structural steel frameworks. Several heavy-duty trucks and trailers are visible, some parked and others in motion. The ground is a mix of dirt and gravel, with some areas appearing to be recently excavated or prepared. The overall scene depicts a busy and complex engineering project.

The health and safety of our employees, subcontractors and the public is our number one concern. Our company will not compromise the health and safety of our personnel while on the worksite. We are always searching for improvements which will result in a safer workplace for our personnel.

If you have any questions or require further information, please contact the undersigned or Darren Nelson at (780)-621-9687

Yours truly,

*Darren Nelson*

President

**Newforce Energy Services Ltd**

# Corporate Overview

**Newforce Energy Services Ltd** is a reputable and fully-equipped oilfield construction and maintenance company headquartered in Drayton Valley, Alberta, with an additional satellite location in Sylvan Lake. With nearly two decades of industry experience since our establishment in 2006, we have consistently delivered exceptional services by deploying a team of highly skilled and certified professionals. Our commitment to safety, efficiency, timelines, and budgetary adherence sets us apart in the industry.

# Our Services

---

Pipeline Construction

---

Facility Construction

---

Facility Maintenance

---

Civil Construction

---

Abandonments

# Services

## Pipeline Construction

1. 2" to 16"
2. Steel
3. Flexpipe
4. Flexsteel
5. Fiberspar
6. HDPE
7. Liner-pulls

## Facility Construction

1. Line Heater
2. Separators
3. Battery Sites
4. Compressor Stations
5. Dehy Units
6. Tank Terminals
7. Shop Fabrication and Modules
8. Robotic Total Stations

# Services

## Facility Maintenance

1. Plant Turnarounds
2. Pipeline Integrity Digs
3. General Oilfield Maintenance
4. Piping Modification
5. Secondary Containment
6. Tank berm Modifications

## Civil Construction

1. Lease
2. Road
3. Frac Ponds Construction
4. Reclamation

# Recent Projects (March 2024)

1. 2km, 8" Steel Pipeline, Sundre, Tourmaline Oil Corp, November 2023
2. 800m, Dual 6" Steel Pipelines, Brazeau, Teine Energy, October 2023
3. Well tie-in, tank farm facility (3,200) and on lease multi-lines, Brazeau, Teine Energy, October 2023
4. Lease extension and site reclamation, Various areas, Barrel Oil Corp, October 2023
5. Two site reclamation, Various areas, Spoke Resources, October 2023
6. 4km, Dual 12" & 8" Steel Pipelines, Kakwa, ARC, September 2023
7. 25km, 8" Steel Pipeline, Garrington, Bonavista Energy, August 2023
8. 2km, 6" Steel Pipeline, Edson, Sabre Energy Ltd., July 2023
9. 4km, Dual 6" & 4" Steel Pipelines, Hoadley, Bonavista Energy, May 2023
10. 9-33, 4-Well Tie-in, Valleyview, ARC, March 2023
11. 3-Well Tie-in, Simonette, Kiwetinohk, March 2023
12. 10km, 6" Steel Pipeline (dual w/ 4" for 4km), Rocky Mountain House, Yangarra, February 2023
13. 4km, Dual 12" & 6" Steel Pipelines, Fox Creek, Kiwetinohk, January 2023
14. 4km, 8" Steel Pipeline, Ante Creek, ARC, January 2023
15. 3km, Dual 6" & 8" Steel Pipelines, Kakwa, ARC, September 2022
16. 5km, 12" Steel Pipeline, Cow Lake area, Bonavista Energy, September 2022
17. 3km, Dual 6" & 10" Steel Pipelines, Kakwa, ARC, August 2022
18. 5km, Dual 6" Steel & 3" Flexsteel Pipelines, Brazeau Field, Boulder Energy, July 2022
19. 850m Dual 6" Steel Pipelines, Lacombe/Red Deer, Vesta Energy, March 2022
20. Battery Expansion, 8,500 Weld Inches; 20,000kg Structural, Westbrick Energy, February 2022
21. 5km, 10" Steel Pipeline, Lacombe/Red Deer, Vesta Energy, February 2022
22. 6km, 6" Steel Pipeline, Wolf Lake area, Bonavista Energy, January 2022

# Equipment Overview

One of the key factors that contribute to the success of Newforce Energy Services Ltd is having a large fleet of well-maintained heavy equipment and other assets. This allows the company to effectively service its customers by providing the necessary resources for “any large or small” project.

# Heavy Equipment

---

Dozers, D6 & D7 Size Range

---

Excavators, 210 to 350 Size Range

---

Side Booms

---

Graders

---

Packers (Padfoot & Smooth Drum)

---

Wheel loaders

# Trucks & Other Equipment

- ▶ Steamer Truck
- ▶ Articulated Dump Truck
- ▶ Picker Truck
- ▶ Heavy Duty Trucks with Lowboys and Hiboyes
- ▶ Gravel Trucks & Pup
- ▶ Air Compressors
- ▶ Marookas, ASV's, Quads, Athey Wagons, Tractors, Plows
- ▶ Harrows, Seeders, Burn Sloops
- ▶ Skid & Cone Sloops, Skid Steers (Tracked & Wheeled)
- ▶ Hoe Packs

# Quality Management

At Newforce Energy Services Ltd we take pride in our commitment to quality and safety in all aspects of our operations. As part of this commitment, we have an experienced and dedicated Quality Management Team in-house. This team is responsible for overseeing the construction, repairs, and alteration of pressure piping systems in accordance with industry standards and regulations.

# Safety

Newforce Energy Services Ltd is proud to be COR (Certificate of Recognition) through Energy Safety Canada. This certification reflects our commitment to maintaining the highest safety standards in our operations. We are active members in good standing with ComplyWorks, ISN, Avetta, ABSA, CWB, and ACSA.

Alberta Construction  
Safety Association

# SiteDocs

SAFETY MANAGEMENT SOFTWARE

We manage our safety through SiteDocs from mobile apps and the web, with a full-time safety advisor who is supported by a team committed to safety culture. We strive to meet and exceed the standards of our partners and industry.

**AUTOCONNECT**

Newforce Energy Services monitors its fleet with AutoConnect in real-time from any connected device. This informs us of the exact location of our fleet, where it's been and everything in between with just a few clicks away.

# Human Resources

- ▶ 150-300 Employees & Contractors
- ▶ Employee Benefits
- ▶ Apprentice programs
- ▶ New worker mentorship
- ▶ Community involvement and sponsorship
- ▶ Electronic & Remote onboarding

# Indigenous Peoples Inclusion Program

**NEWFORCE ENERGY SERVICES LTD.** is committed to engaging with Indigenous communities where we operate. Meaningful engagement and consultation begin with respecting the rights of indigenous peoples, whose legally recognized lands and traditional territories are within or near our projects.

We endeavor to engage early and often with communities to build solid relationships based on mutual trust and respect for customs and culture, a shared understanding of issues, transparency, inclusiveness, two-way dialogue, and collaborative problem-solving to achieve mutually satisfactory outcomes.

The intent of our Indigenous Peoples Inclusion Program is to guide the development of these relationships over the lifecycle of our projects and include interested Indigenous peoples in training & employment where our project has opportunities in the field of their work experience.

It reinforces **Newforce's** commitment to foster opportunities for Indigenous people to participate in the economic, environmental, and social benefits of our business activities, ensuring these benefits reflect community interests and our commitment to responsible development.
